AMERICAN AND FOREIGN OFFICE.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patent granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS

During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents
From the present Commissoner

AUGUST 17th, 1855.—During the time I have held the office of Commisoner of Patents, R. H. EDDY, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, and is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse CHAS. MASON

Newport Daily News

MONDAY MORN'G, MAY 17, 1858.

☞ "S. R. MILES, (successor to V. B. Palmer,) Newspaper Advertising Agent, No. 1, Scollay's Building, Court street, Boston, is authorized to receive advertisements for this paper, at the same rates as required by us."

We rejoice in the settlement of the Slavery controversy in the American Tract Society. The question was simply whether the Society should ruin itself by publishing abolition tracts, or travel onward in the path of prosperity by avoiding all interference with matter which the Savior himself never even referred to in direct terms.

The above triumphant "settler" is by the Providence *Post*. It will prove particularly grateful to such Christians as seek to justify African Slavery from the teachings of the Bible, and who carry into Church and into religion, a spirit of narrow prejudice and truckling expediency. We wish that the style of argument indicated by these few lines of the *Post's*, was as original as it is shameful. But that is far from being the case. Indeed, no Northern journal would ever have dared to utter so foul and foolish a sentiment, had the example of the Church been wanting.

We have quoted but a small portion of the remarks of the Post; but we can assure our readers that the part before them is not an unfavorable representation of the whole article.

SIGISMOND NEUKOMM.—A late arrival from Europe brings the tidings of the death of this chevalier. He was a distinguished musical composer, and as such was highly esteemed, especially in Great Britain. His most able works were the Oratories of "Mount Sinai" and "David."—The Philharmonic Society, assisted by Crandal's Orchestra performed the latter in this city, in the winter of 1856.

☞ The New Orleans *True Delta* speaks of the English-Lecompton swindle in indignant terms. We clip a paragraph from its leading article of the 7th inst:

Congress has relieved itself, if it has not met the expectations of the people, by getting rid of the Kansas question by one of those mean and contemptible dodges so frequently sought by inferior minds to extricate themselves from embarrassments they lack either the nerve or the manliness to encounter. The great issue involved has been sculkingly met, and disingenuously evaded, and the people of Kansas, whose rights have been trifled with, are to have their patriotism, their independence, and their integrity tested by a vote on the great principle involved, not in an open, direct, republican, American manner, but on a side issue, which it is hoped their cupidity will deter—and certain partisan Congressmen whose anti-democratic course throughout upon the question has sickened and disgusted the country.

INGENIOUS ROBBERY.—About 7 o'clock on Sunday morning, a colored woman, shabbily dressed, having in her hand a scrubbing brush and pail, called upon a locksmith up town, and requested him to go with her and pick the lock of a store, the key of which, she said, was in possession of one of the clerks. She stated further, that she had been directed to scrub the store that morning, and also get the lock put in order. The smith went with her, and was conducted to the store of Mr. Ambrose L. Moore, No. 761 Broadway, where he picked the lock, and then took it with him to be repaired. The colored woman entered, and was not again seen, but on the morning following it was discovered that about $1500 worth of lace goods were carried off. The police were notified, and soon found the locksmith, who was arrested, and taken to the Jefferson Market Police Court, but as it could not be shown that he had acted with any felonious intent, he was discharged. No trace of the woman has been obtained.—*N. Y. Commercial.*

FREAKS OF AN INSANE MAN.—There was some excitement, last evening, at the Marmion House Block, State street induced by cries of murder from the upper part of the building. Hundreds gathered about the place to inquire what was the matter. It was soon explained that a young man who had a room in the building, was insane in consequence of illness or over study—he being a student in the University. The patient was very noisy, and did considerable mischief. He locked the door of his room on the inside, and threatened to jump out of the window if those without persisted in coming into the room. His room was on the fifth story, and a leap from such a height was a fearful thing to contemplate. He appeared determined to make it however.—He threw his stove and furniture from the window, and then let himself out; hanging by his hands. Just as the crowd in the street looked on in breathless silence, momentarily expecting to see him fall, he was seized by the legs from the window below, and drawn in by persons stationed there to intercept him. His excitement was at length somewhat overcome, and when he became quiet, the crowd dispersed.—*Cin. Com.*

THE IMPORTANCE OF CUSTOMARY OCCUPATION.—We all know the depressing effect of robbing a man of his customary occupation. Idleness is only possible to those who are educated enough to be idle—in other words, to those who have a great variety of small but pleasurably interesting occupations which fill up the intellect and demand attention. If a man has not learned to occupy himself with ease—if he is dependent on some one accustomed task to occupy him—withdraw that task and he is lost. How many men die simply because they have "retired from business," without having previously learnt the business of improving themselves. The great vacum in their lives is insupportable. The nervous energy has nothing to spend itself on. It tries one thing—tries another—and cannot rest; the saved energy exhausts itself in disease, and the man dies.

LOCAL NEWS.

☞ T. F. FOSTER AND COMPANY, is a new firm which has just opened a New York Market, at the stand formerly occupied by E. Packer. With superior facilities for their business, the proprietors of this establishment are confident of their ability to offer decided attractions to the people of Newport. We were greatly pleased, upon passing their doors on Saturday, at remarking the neatness and profusion displayed within. We shall have a neighborly interest in their success.

☞ Our friend Mr. Robert Wilson laid us under fresh obligations a few days ago, by the present of some magnificent flowers. The floral head-quarters of Mr. Wilson are at the head of Ayrault Street, as every body knows, and will well repay a visitor for the trifling trouble of getting there. He has now on hand a full and brilliant assortment of plants. Whoever calls upon him will be sure to purchase, but, as money spent upon flowers is generally considered as being well spent, we have no hesitation in urging our readers to look into the "Doctor's" conservatory.

☞ "Revival Hymns, by Henry Ward Beecher: Boston, Phillips, Sampson and Company." This little book has been widely advertised and extensively sold. It is simply an abridgement of a larger collection, adapted to the wants of informal meetings and of families. The distinguished name upon its title page is assurance enough of the pleasing and appropriate character of its contents.

☞ Godey's Lady's Book for June is upon our table. Its reputation as the first periodical of its kind has long been established, and certainly shows no signs of weakness yet. The fashions, as usual, are largely discussed and illustrated in this number. There are also abundant patterns of fancy-work. The literary department is made up of the contributions of sterling writers.

☞ "The Life and Times of Hugh Miller, by Thomas N. Brown; New York, Rudd & Carleton." An extremely interesting and instructive work. The trials and triumphs of the celebrated Geologist are here faithfully represented by his colaborer and intimate friend. We copy the first paragraph of the introduction,—

"It is somewhere said by Goldsmith, that the life of a literary man seldom abounds with adventure. His fame is acquired in solitude; and the historian, who only views him from a distance, must be content with a dry detail of actions distinguished from the rest of mankind. Though embodying a general truth, the observation we have quoted does not exactly sum up the life we have chosen to illustrate. Its even tenor was, indeed, not much disturbed by adventure, but it can hardly be said of Hugh Miller that his fame was acquired in solitude, or that his actions were not in a very marked degree distinguished from the actions of the mass of mankind. On the contrary, the more closely his life and writings are scanned, the more clearly will Scotchmen begin to discover that, amongst the men of genius these latter times have produced, Hugh Miller is Scotland's representative man."

The Evening Post's Washington correspondent writes on the 10th that

Attempts are making, by those who would like to have it so, to create a public impression that Senator Douglas and James Buchanan are making overtures to each other with the desire of uniting the Lecompton and Anti-Lecompton forces. I am authorized by the highest authority on that subject to pronounce all such reports to be without the slightest foundation in truth whatever. Mr. Douglas assumed his present position with his eyes open, and does not regret having done so. He has no overtures to make to Mr. Buchanan, and the only one that Mr. Buchanan can make to him, that will be acceptable, that will be to adopt the Anti-Lecompton policy and administer the Government upon the principle of fair play and popular liberty; to call off the Lecompton hounds he has set upon the people of Kansas, and leave the latter free to govern themselves in their own way, subject only to the Constitution of the United States. Mr. Douglas illustrated his position in an expression he made when he was in the thickest of the Lecompton fight. Being asked one day if he had counted the cost and knew the journey he was taking, "Yes," he replied, "*and I have taken a through ticket and checked all my baggage!*"

TEXT FOR YOUNG MEN.—A better subject for young men to discourse about, and to meditate upon, was never written than the following, by Swift: "No man ever made an ill figure who understood his own talents, nor a good one who mistook them." Young men do not fail in the pursuits of life because they lack ability to succeed, half as often as from a misdirection of talents. A right use of a moderate capacity will accomplish more than a wrong application of the most brilliant qualifications.—Study, therefore, yourselves. Aim to find out the actual talents you possess, and then endeavor to make the best possible use of them, and you can hardly come short of making a good figure in the world, and what is more, being one among those who live not in vain.

It is stated that within the last twenty-two years the Baptists in the United States have made a clear gain of 6,565 churches, 4,224 ministers, and 593,639 members, being an annual increase of 298 churches, 192 ministers, and 26,983 members. The increase for the last ten years has been much greater in the Southern than in the Northern States—the greatest increase having been in Virginia, Alabama, and Missouri.

CORRESPONDENCE.

WASHINGTON, Thursday, May 13, 1858.

It is contended by some, that the Cass-Yrassari Treaty conflicts with the Clayton Bulwer Treaty. This may be so in its remote consequences, but not in its present legitimate effect. The gist of the Clayton Bulwer Treaty is an agreement that neither power shall acquire Governmental control over Central American Territory—a weak and short sighted bargain indeed on our part, considering that Central America is naturally, geographically and inevitably an inseparable part of our own Territory and a bargain, in view of future annexation, to be annulled, on our part, on the occurrence of the first legal and reasonable excuse.—The main object of this agreement was to secure to each Power a neutral inter-oceanic passage. The Cass-Yrassari Treaty simply negotiates with Nicaragua for such a passage for the United States, leaving Great Britain free to make a similar arrangement; and, we are informed on good authority that that Government has already initiated measures for the negotiation of a similar Treaty on another route, and further, that they are ready to consent to the abrogation of the Clayton-Bulwer Treaty, so as to leave them free to acquire permanent Governmental control over the territory through which their route shall pass; and that to this end they have issued instructions to their commissioners to suspend all further negotiations in regard to the Clayton-Bulwer Treaty. Ever jealous of the expansion of the United States, and now fearing the rapid colonization and Americanization of the Isthmus, in consequence of the Cass-Yrassari Treaty, it is evidently the policy and ambition of the British Government to secure an inter-oceanic "province" while they may. Consequently we expect to have to announce in a few days, the mutual abrogation of the Clayton Bulwer Treaty, and the preliminaries on the part of Great Britain, for a new Central American "Protectorate."

The Resolutions refered by Mr. Ruffin, of Va., in the Southern Commercial Convention now in session at Montgomery, Ala., recommending the South to adopt a discrimination against the North by taxes and licenses, as far as noticed at all here, meet with unanimous execration among all parties, both northern and southern. They are regarded as a firebrand of discord and disunion unworthy to emanate from a citizen of the old dominion.

It is said that a considerable portion of the remainder of the session is to be taken up, both in and out of Congress, in the reconstruction of parties. The failure of the Anti-Lecompton Democrats to stand by the Republicans to the "bitter end" on the Kansas question, has settled the matter of no Union in that quarter. The revivification of the old Whig party, with young American principles, and John J. Crittenden for President in 1860, is strongly talked of and a very extensive plan, centering here, is now on foot to that end. We will speak more fully and intelligently on this subject hereafter. SPECTATOR.

THE WOMEN OF NEW YORK.—The following from the New York Express gives a gloomy picture of the female population of that city:

[illegible] support themselves by the needle, is estimated at from thirty to forty thousand. Of these about thirteen thousand are shirt-makers, eleven thousand tailoresses and vestmakers, forty-four hundred mantilla and cloak makers, fifteen hundred dress makers, as many milliners, the remainder box makers and those employed in various kinds of light work. Of this immense army, not three thousand have been employed the last winter. One establishment discharged, during the financial pressure last fall, one thousand hands in one week; and another eight hundred. The miserable pittance of wages which the greater part of this class can earn in ordinary times, forbids even the hope of any provision for the future. The average wages of shirt makers do not exceed twenty-five cents a day, though good sewers and tailoresses and shirt makers often get fifty and somtimes seventy-five cents.

A schoolmaster at Albany has been sending blank circulars to parents, to get authority to flog to the extent of his good judgment, without exposure to legal penalties. One of the answers received was as follows:

"DEER MR. RATTEN—Your flogging cirkler is duly recieved. I hope as to my John, you will flog him just as offin as you kin. Heas a bad boy—is John. Hitho I've bin in habit of teachin him miself, it seems to me he will never larn anything—his spellin is otrogously defishent. Wallup him well, ser, and you will receive my thanks.

"P. S.—What accounts for John bein sich a scolar is that he is my son by my wife's fust husband."

MIXED METAPHOR. A Sandusky paper, called the Trumpet Blast, thus walks into a cotemporary: The editor of the Spy, like a sanguinary wolf, creeps out behind us with bloody sword reeking with sanguinary gore of other victims and raising his bludgeon, attempts to stab to the heart, with his steel pen, dipped in poisoned Arnold's fluid, our little paper. We smile grimly and are ready.

In the East School District of Walpole, Mass., the young men set out, on the 1st inst., in the highways, seven hundred shade trees, and not a hole for the trees was dug previous to that day. We are glad to hear of the beginning of this mode of celebrating May Day.

A little girl was one night under the starry sky intently meditating upon the glories of the heavens. At last, looking up to the sky, she said, "Father, I have been thinking if the wrong side of heaven is so beautiful, what will the right side be?"

Captain Charles R. Webb, of Stamford Conn., who, with the aid of a green boy, who had never before been at sea, navigated the yacht "Charter Oak," 22 feet long, from New York to Liverpool, is now building a yacht 44 feet keel, and 16 feet beam, with which he intends to visit the Isle of Wight, St. Petersburg, and some French port, to let the crowned heads of Europe see what a Yankee can do.

A chaplain at a State Prison was asked by a friend how his parishioners were. All under "conviction," was the reply.

Providence, July 30, 1857.

C. A. P. Mason.—Dear Sir—I am now using the Alpine Hair Balm, which I had of you, with most happy results. On the 30th of June last, my hair (which had been gray for more than six years) was fast falling off; but on the third application of the Balm it ceased falling and is now firmly rooted, and very nearly its original color. By the use of one bottle, I confidently expect a complete, permanent, luxuriant and original head of hair. If every gray haired skeptic would *try it*, they would soon become "living epistles, known and read of all men," as having used the Alpine Hair Balm. Yours, &c.

TESTIMONY OF A LADY OVER 50 YEARS OF AGE.

Mr Mason, Sir—I write to inform you how pleased I am with your Alpine Hair Balm.—My hair has been gray for a number of years, and I have been obliged to wear a front piece and cap; but have always found a difficulty when having a bonnet on to keep the front piece from working back and showing the white hair. Finally I concluded I would try your Alpine Hair Balm. I used one bottle only and my hair has come back to its natural color, which was brown. My hair is now perfectly free from dandruff and is soft and glossy.

Very respectfully, SARAH LYON.

10,000 Shares, amounting to 10,000 acres

CERTIFICATES of the above Shares have been enclosed in 10,000 envelopes, exactly alike, and sealed; which, after being well mixed up, have been numbered on the outside from 1 to 10,000 inclusive, so that no one now knows the contents of any particular envelope. They will be sold at $10 each, without reference to what they contain, and sent to any one making application. Unexceptionable Titles will in all cases be given.

The largest Farm, containing a Gold Mine, is valued at $30,000, and the smallest sized Building Lots have been selling at $10 each. Hundreds have already been sold upon these terms. Whilst all stand the same chance of getting the Farms, every purchaser is guaranteed one of these lots at least. Every other purchaser is bound to get one of at least double its size and value. Every fourth purchaser one of at least quadruple its size and value. Whilst every tenth purchaser will get a Farm ranging in value from $200 up to $30,000. These Farms and Lots are sold so cheap to induce settlements, a sufficient number being reserved, the increase in the value of which will compensate for the present sacrifice. The net proceeds are to be applied to local improvements, such as Schools, Factories, Mills, &c. Any number of Shares can be taken by individuals,—to secure a Farm take at least ten shares. The certificates can be obtained by paying one-half, and the Deeds by paying the other half.

☞ 70,000 Acres of Land, in large or small tracts, can also be had at private sale, and upon the most Reasonable Terms. Some of it is highly improved. Agents are Wanted Everywhere to Sell These Lands. Liberal inducements will be given. For full particulars, apply to E. BAUDER, a6—d&w Port Royal, Caroline Co. Va.

CLEMENT & WILLIE'S WASHING MACHINE!!!
Superior to Any in Use!
PATENTED MARCH 11TH, 1856.

THIS Machine is in point of fact the only Washing Machine now in use. It excels all others in thoroughness and speed. It is very compact, light, simple in its construction, and requires but very little power for its operation. It washes the clothes with as little and even less wear than by hand. It will wash the finest lace collar or a heavy bed blanket without any change or different arrangement of the Machine. It washes every article separately and clean, consequently requiring no finishing on the common wash board, as is the case with all the other machines.

In offering this machine for sale, we feel confident we are offering no humbug—nothing but what WE KNOW to be a good and reliable Machine, and needs only to be used to be appreciated. We make the statement strong, and, if need be, can bring forward hundreds who will endorse the statement.

It is within the reach of every family, the price being only $6, and will pay for itself in a very short time. It is durable, and not liable to get out of order. It can be moved with as much ease as a common wash tub.

This medicinal beverage is manufactured by the proprietor, at Schiedam, Holland, expressly for medicinal use, by a process peculiar to his own Factory. It is the pure Tincture from the Italian Juniper Berry whose more vinous extract is distilled and rectified with its spiritous solvent, which thus becomes a concentrated tincture of exquisite flavor & aroma, altogether, transcendant in its cordial and medicinal properties to any alcoholic stimulant now made in the world. It is now prescribed by more than 5,000 physicians in the United States, in cases of Gravel, Gout, Dropsy, and Bladder and Kidney Complaints.

Put up in Quart and pint Bottles, in cases of one dozen qts. and cases of two dozen pts., and for sale by all the Druggists and Country Merchants.

PROF. O. J. WOOD & CO.—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative, that to day we were compelled to send to Boston for a quantity, (the 6 dozen you forwarded all being sold,) while we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers; and the approbation and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is A MOST VALUABLE PREPARATION.

Send us as soon as may be one gross of $1 size; and one dozen $2 size; and believe us yours very respectfully.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative. we did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair.

We are, yours respectfully,

SARAH A. HIGGINBOTHAM.

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair has now attained its original color. I can recommend it to the world without the least fear, as my case was one of the worst kind.
Yours respectfully,
DANIEL N. MURPHY.

THE LIVER

INVIGORATOR,
PREPARED BY DR. SANFORD.
Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR

The Liver is one of the principal regulators of the human body; and when it performs its functions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING the BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, WHAT IS BETTER, PREVENTED, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfulls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHŒA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ **Mix Water in the mouth with the Invigorator, and swallow both together.**

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a Diseased Liver.

Price one dollar per bottle.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity, and Epileptic Fits—in one of which the patient may expire. Who cannot say that these excesses are not frequently followed by those direful diseases of *Insanity and Consumption!* The records of the *Insane Asylums*, and the melancholy deaths by *Consumption*, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither mirth or grief ever visits it. Should a sound of the voice occur it is rarely articulate

MEDICINES.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known.—Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Have you the less serious symptoms of these distempers, they are the easier cured, jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1

Four dies of different patterns form the body of the work, and in the centre is a portrait of the late Wm. Swaim, separated from the borders by two circles of lathe work. The words "Swaim's Panacea," are engraved conspicuously on two turned strips, and a large semi-circular die forms the upper margin. The borders are composed of plain lathe work strips, outside of which is engraved, in small letters, the entry of the copyright.

A CARD TO THE LADIES.

Dr. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully certain in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many other that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 182 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. HOWARD ASSOCIATION
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as **Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the Vice of Onanism, or Self-Abuse,** &c. &c.

The Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

Just published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted above, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. Dow, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania, Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult and chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhœa, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated. Persons afflicted with any private complaints, should call as early as possible after contract- [illegible] be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill-treated, or mercurily affected, is a consolation to his patients and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

N. B. Dr. Dow attends personally to his patients, and warrants a perfect cure or no pay.

N. B. Dr. Dow cannot be seen at any other place except his office, No. 7 Endicott street, any hour, day or evening. m10—6m

Now is the time to use the Great Spring and summer Medicine.

Dr. LANGLEY'S ROOT AND HERB BITTERS.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.,—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigor, purifying the blood, cleansing it from all humors, and causing it to course anew through every part of the body. They cure and eradicate from the system Liver Complaint—that main-wheel of so many diseases—Jaundice in its worst forms, all Bilious diseases and Foul stomach, Dyspepsia, Costiveness, Humors of the blood and skin, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pain in the Side and Bowels, Flatulency, Loss of appetite, and all kindred complaints caused by a torpid or diseased liver, a disordered stomach, or bad blood, to which all are more or less subject in spring and summer.

It taken in large doses, fever and ague may be broken up and cured at once. This has become a standard medicine, and is decidedly the *best* the world ever saw.

J. RUSSELL SPALDING'S
ROSEMARY

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff, and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates, the leading ingredients, viz:—

Rosemary and Castor Oil,
both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TRUAX, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary." &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mistify the buyer. Prizes vary from $40 to $60,000; every prize sing drawn and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing, in the following papers:—Augusta (Geo.) Constitutionalist, New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch and Paulding (Miss.) Clarion.

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address
